Reggie's Sleepout is a one night fundraising event that encourages individuals and families to pick on night to sleepout at home and peer to peer fundraise from Sept. 24 to Oct. 3. This community event raises awareness of local youth homelessness and is an annual fundraiser to support YSS programs geared at helping these youth attain self-sufficiency.

While one night can never completely replicate what it must feel like to be homeless, Reggie's Sleepout provides some insight into the lives of people who don't have a place to call home and elevates their stories to create change.
